This update is brought to you by the letter "M"

Mongolia and Madagascar are miles apart. Many disciples of Christ are multiplying there, marvelously. (Ok, I can only begin so many sentences with the letter m.)

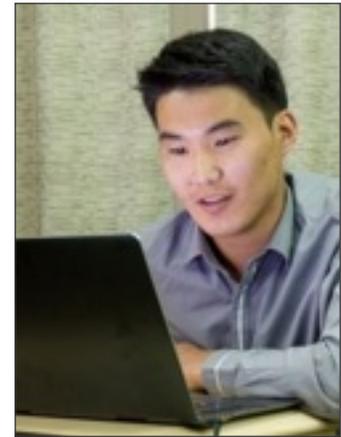

20 years ago most of these people had never read a single sentence of Scripture, nor heard about Jesus. Now dozens of Mongolian and Malagasy speakers respond daily to the Gospel message as they hear it or read it in their own language.

This rapid growth started when the first missionaries replaced themselves quickly with indigenous Christians. Today, those workers are fueling that growth by using technology, but they need training.

We have technology training curriculum developed here in Orlando, but need people in each region to deploy it. Richard, from Singapore, was eager to go to Mongolia, and Kelly, from Zimbabwe went to Madagascar.

Both men are part of a growing network of men and women with professional skills who have been attending our global leadership development conferences.

This multiplication process of developing leaders who develop other leaders, all of whom follow Jesus is making the world a much smaller place.

2004 Toyota Camry with 115K miles. It was garage kept and well cared for.

You All Are Awesome!

We asked last month for help finding a used car that fit our budget and would be a great value. You all prayed, gave us leads and some even started looking in their local area for a car. People also contributed money to help increase our buying range.

All those prayers have been answered. We now have a *new* used car that fits our needs and exceeds our expectations.

Thank you!

*In Him,
Russ & Jo Anne*
